Scriptures: Ether 12:6, Alma 32:28-39, Luke 17:6

Story: Color graphics with markers, colored pencils, chalks, etc.
Use flannel, or laminate and cut out
and place magnets on back of graphics, etc.

Game: To assemble the game, laminate and cut out all the leaves. Color the "Watch Me As My Faith Grows" tree page and laminate. Cut the page into four equal cards (4 1/4 x 5 1/2). There are two card sheets. Laminate the sheets and cut on the dotted lines.

How To Play: Give each player a "Watch Me As My Faith Grows" card and eight leaves (church activity, scripture study, choose the right, obey the word of wisdom, prayer, honesty, service, and obedience). Place the orange cards face down in a pile. Choose a player to go first. The player draws a card and does as the card instructs. The player will either be able to gain a leaf or lose one. At the end of the players turn, he places the card in a discard pile. If you run out of cards in the draw pile, simply shuffle the discard pile and place them in the draw pile again. The object is to be the first player to get all eight of their leaves on their tree.

Faith Is Like A Little Seed

Who can tell me what faith is? **(Answers)** These are all good answers and ideas. I want to tell you a story about faith and a little acorn seed that became a big oak tree.

We're going to pretend that this little acorn seed is our faith. It's very small and we're going to plant him in the Soil Of Righteous Living. The soil is like our parents. It protects us from the dangers of the outside world. Our little seed likes his new home and soon a little cloud passes over him, sending life giving droplets of water down on his shiny face. These drops represent our church activity, honesty, obedience, service, prayer and scripture study which are crucial to our faith development. What else does our little friend need to grow in faith and to survive?

(Discussion)

Soon the golden sun sneaks past a cloud and shines its warm rays down on the little acorn in his new home. The sun is like the Holy Ghost. We must have the Holy Ghost to have faith. The Holy Ghost makes us feel so good and snuggly inside. We feel like everything is OK. We have a feeling of well-being.

Pretty soon, before we know it, the little seed is sprouting a stem and beautiful, green leaves. He is proud and standing tall.

Now, if the acorn seed only received lots of sun and rain, he would grow nicely and quickly but there are things that will try to destroy our little pal. What are some of the things that could kill the seed? **(Discussion)** There are many forces that work to hurt the little seed and destroy us as well.

Suddenly, a huge gust of wind blows down on the sapling, bruising and beating it as it stands all alone in the soil. These winds are the worldly influence that we must deal with every day at school, with our friends, on the playground, at work and at parties. We must be strong to withstand this kind of pressure. What kinds of things do you have to deal with on a daily basis? **(Discussion)**

The tree is growing well now, but he still has to be very careful. There are bugs out there! Bugs can get to us all. The bugs are inactivity, choosing the wrong friends, and disobeying the Word of Wisdom. How can we get rid of the bugs? **(Discussion)** Yes, we need bug spray! The bug spray is the correct choices we make. Every time we choose the right, we exterminate the bugs in our lives.

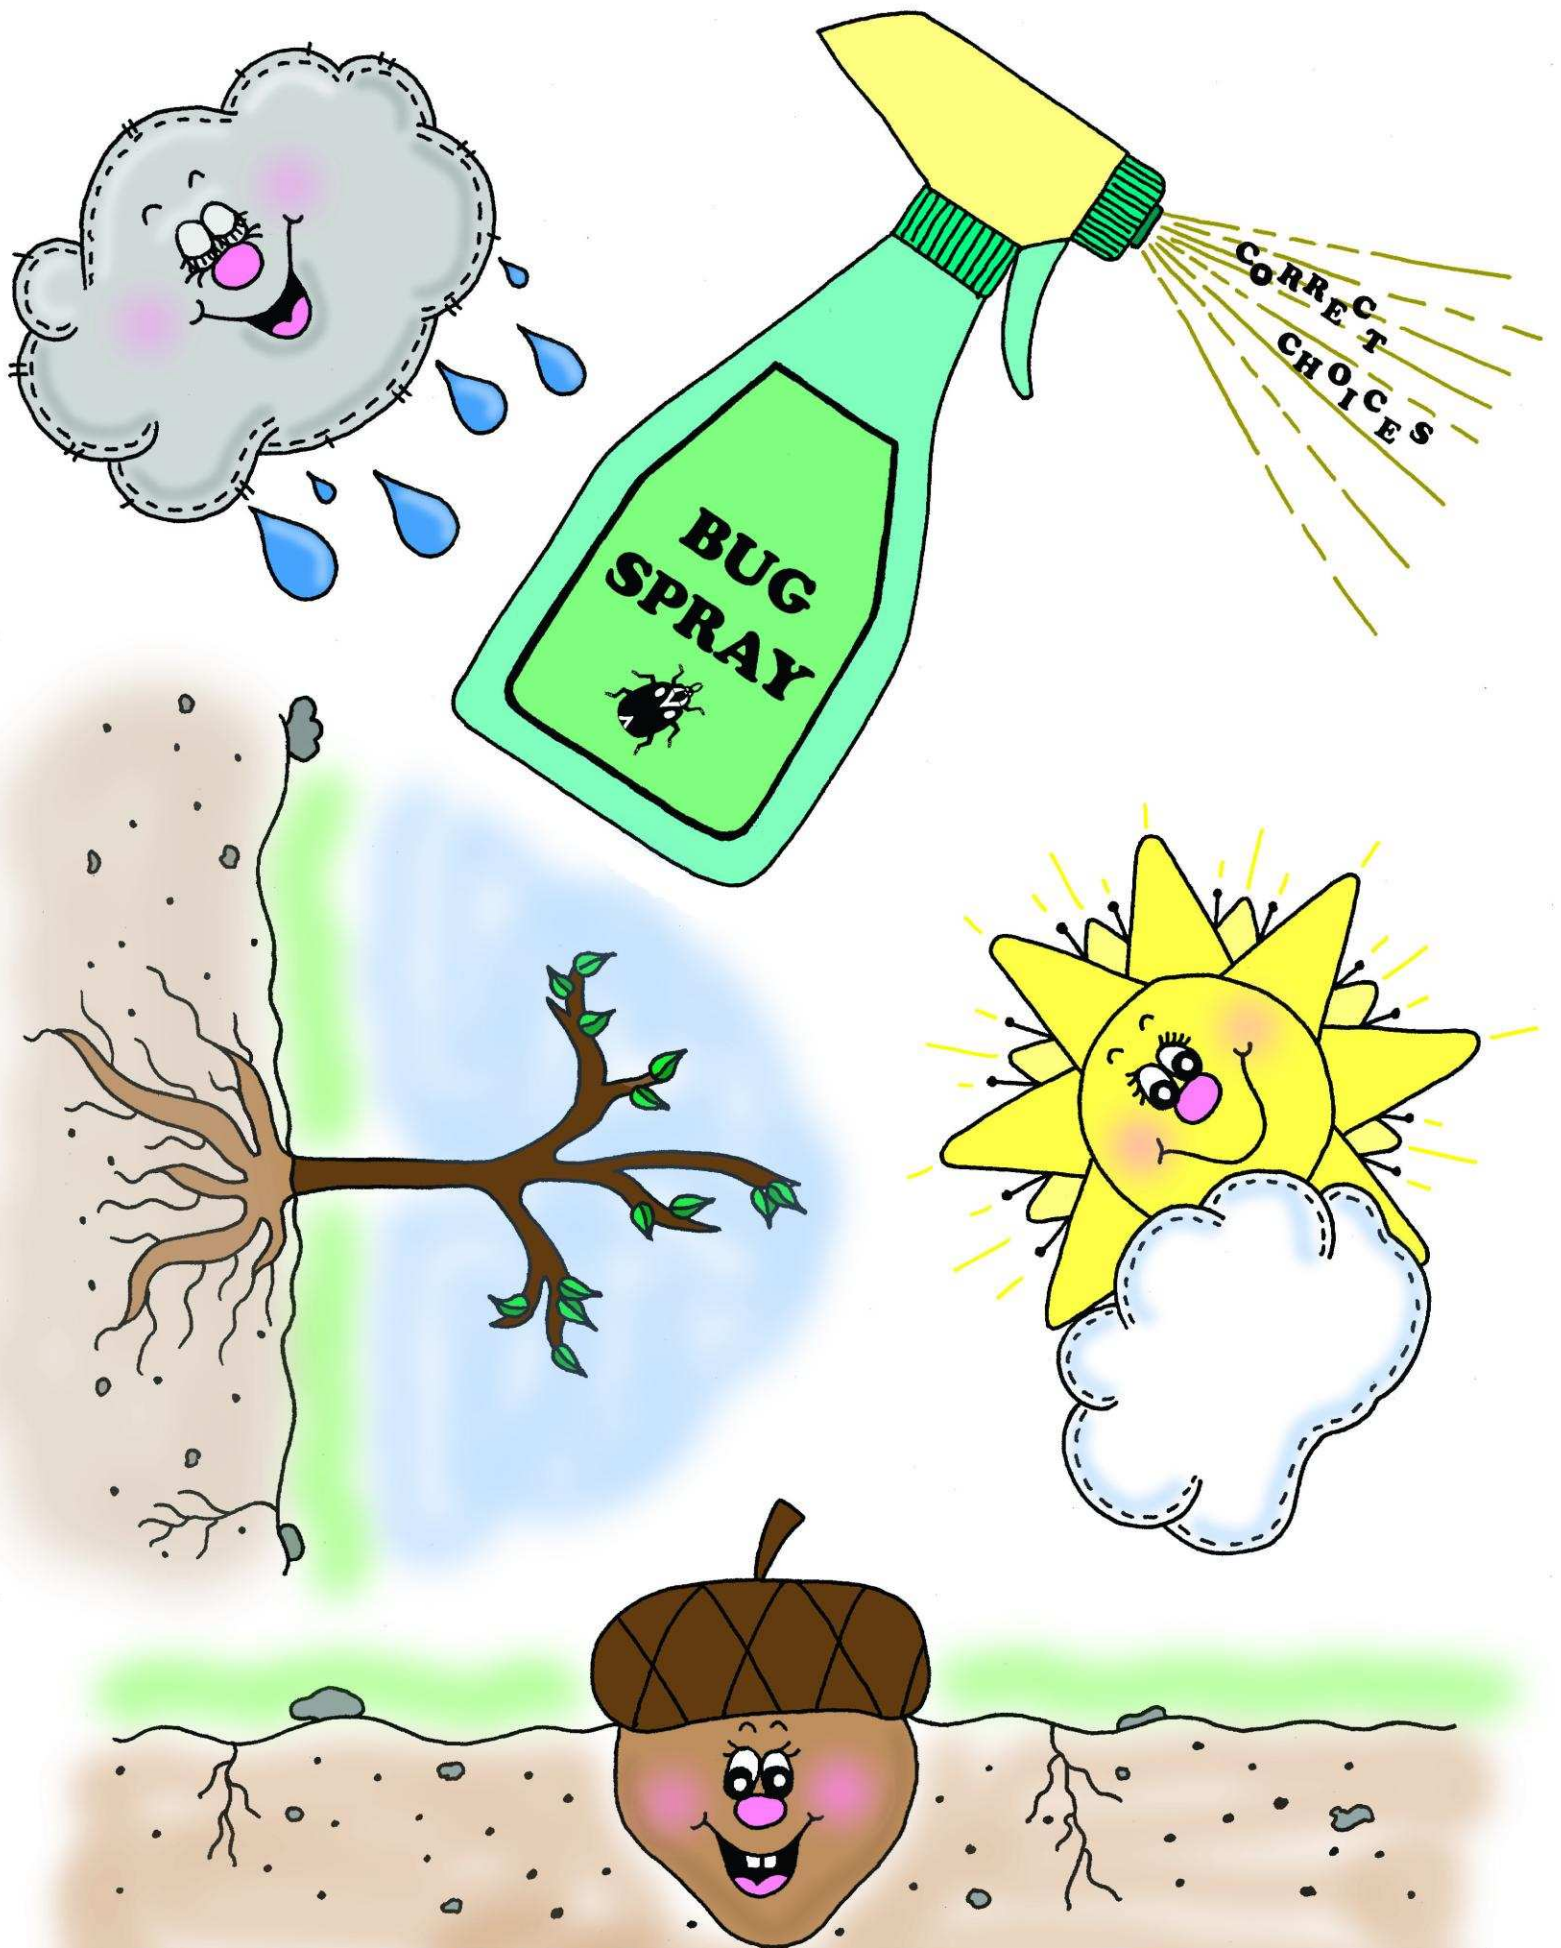

Now the tiny sapling has blossomed into a mighty oak. His leaves become the stepping stones to the growth of a big tree. They represent what he has become so far. He is an example, he is progressing and he is happy.

After years of nurturing and care, the acorn seed has become one of the most beautiful and mighty trees in the world. He knows truth and has become truth. He can now spread his giant arms to the world, providing shade and comfort to others.

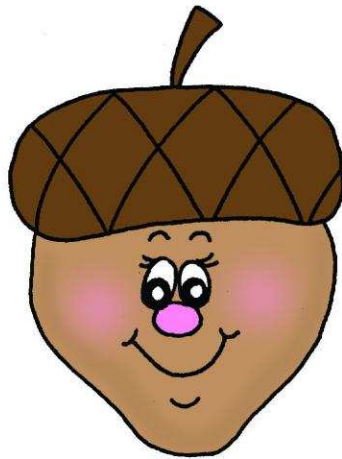

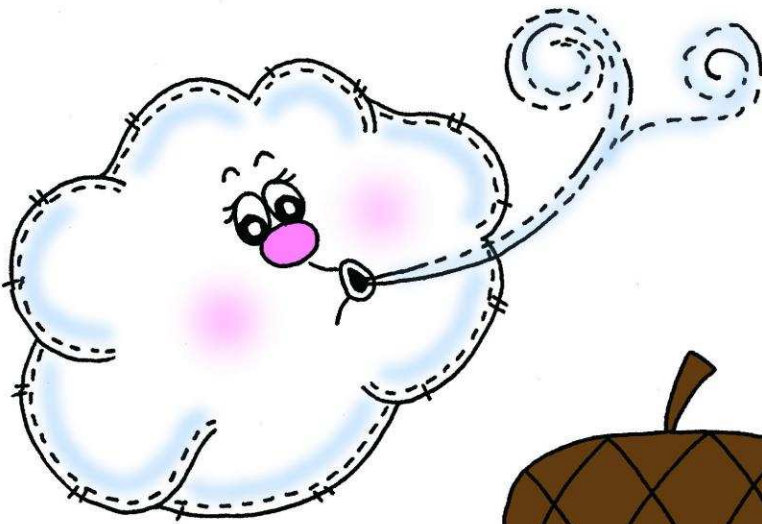

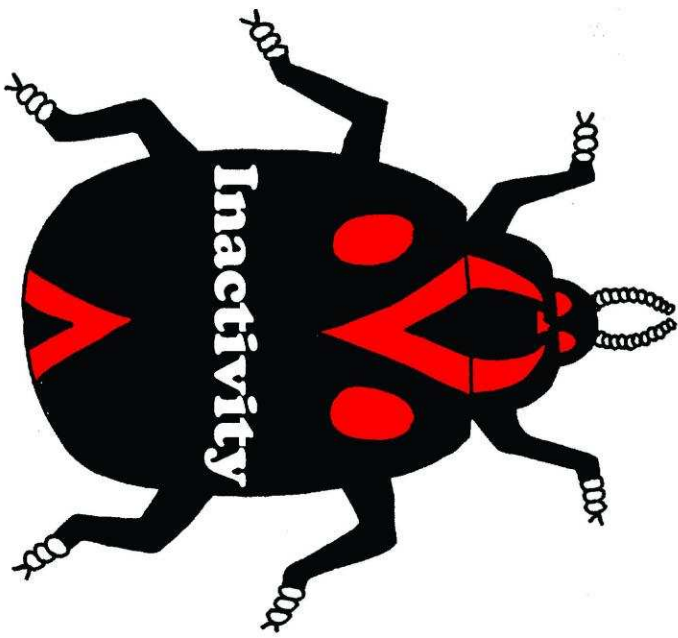

Faith is not something we gain all at once or quickly. It grows as we grow. Faith is not having a sure knowledge of something - it is believing in something and hoping for something. We can all attain faith, precept by precept and line upon line. Faith has to be nourished, just as the little acorn seed, day by day and year by year.

DISCUSSION:

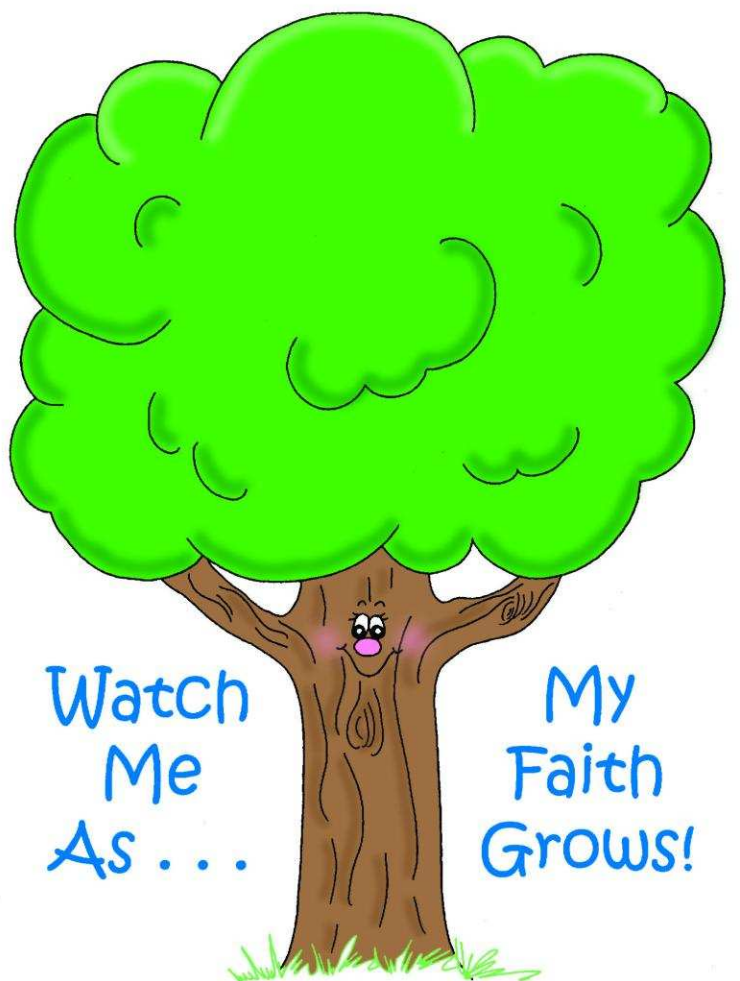

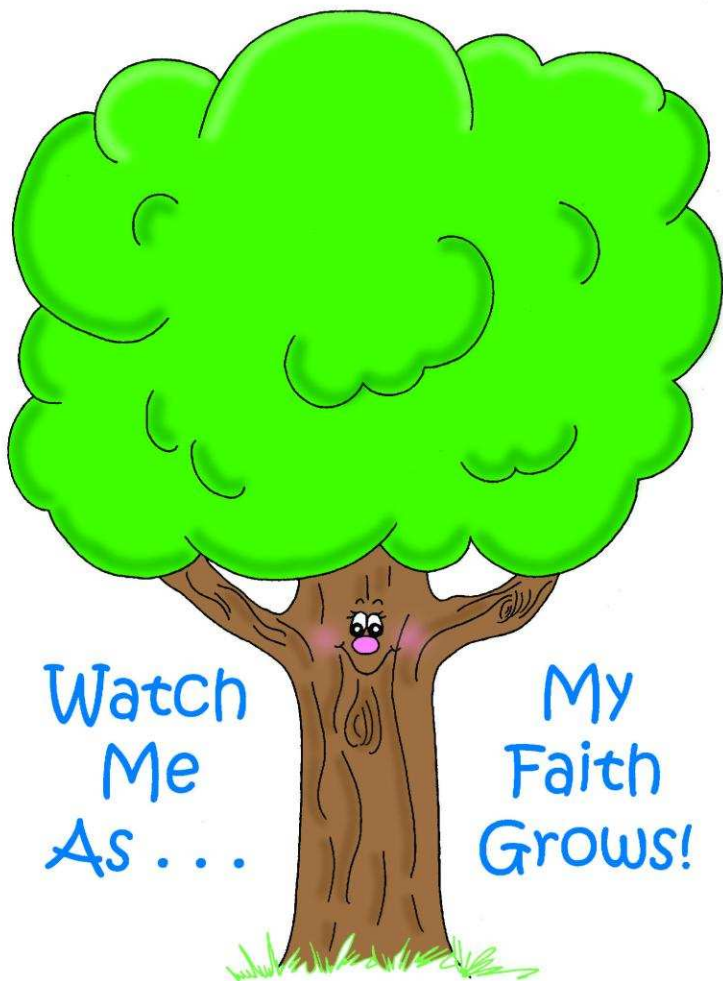

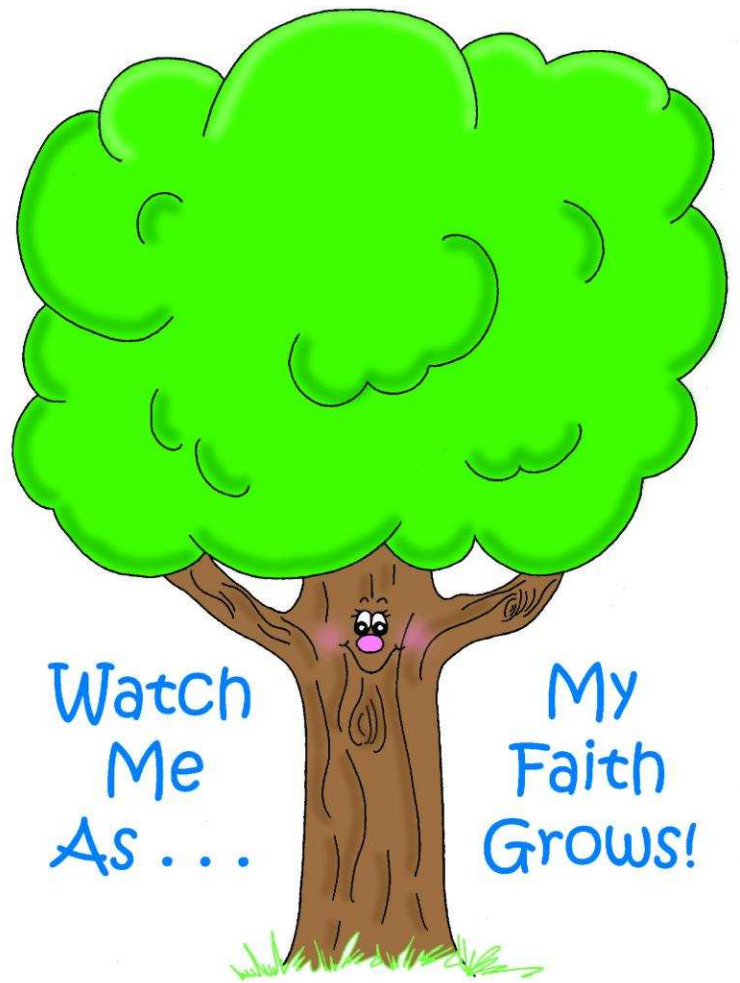

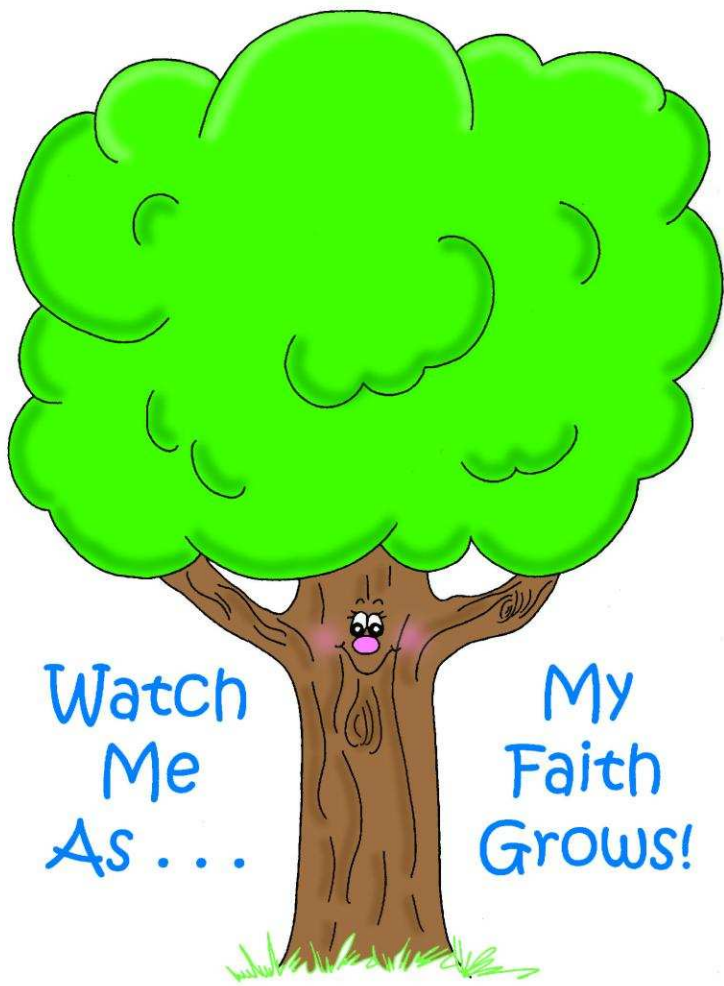

- How do you feel when you have faith?
- What are some of the things that you have faith in?
- What can we do as a family to increase the faith of all our members?

**“But behold, as the seed swelleth,
and sprouteth, and beginneth to grow,
then you must needs say that the seed
is good; for behold it swelleth, and
sprouteth, and beginneth to grow.**

**And now, behold, will not this
strengthen your faith? Yea, it will
strengthen your faith: for ye will
say I know that this is a good seed;
for behold it sprouteth
and beginneth to grow.**

Alma 32:30
